2026
INNOVATION FOR
MODERN LIVING

History Milestone & Achievements

Since 1992, Vatti has been focusing on the kitchen, bath, and small home appliances industry, keeping innovation as its corporate strategy. It has grown from a local listed company into a world-famous corporation.

PM2.5 Air Purification

Integrated air purification system to help eliminate odors and airborne particles, keeping your kitchen atmosphere clean and healthy.

Sponsor to France National Football (2018.4.1 - 2019.4.1)

National Industrial Design Center (NIDC)

Beijing Olympic games exclusive supplier for torch & gas appliances

Became a listed company in China

2009^{year}

First Generation **35% Heater Clean**

Grease hardens over time:

High heat can soften surface residue, but deeply carbonized grease remains difficult to remove.

2015^{year}

Second Generation
49% Cold Water Wash

Surface cleaning only:

Cold water helps rinse away loose grease, but struggles to remove hardened deposits deep inside the system.

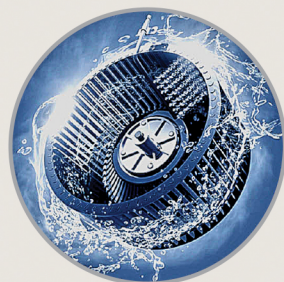

2018^{year}

Third Generation
60.5% Steam Wash

Steam loosens grease:

Steam effectively softens grease buildup, but some residue may remain after cooling and re-solidification.

2021^{year}

Fourth Generation
99.1% True Clean Performance

Three-step automatic deep cleaning:

- * 110°C Steam melts grease.
- * 80°C High-Pressure Hot Water flushes away residue.
- * 1-Minute Fan Drying keeps the hood fresh and spotless.

2025^{year}

Fifth Generation
99.5% Turbo Wash

Three-Step Deep Clean:

An innovative wave-like cleaning motion extends the wash coverage, reaching more surfaces to deliver a deeper and more thorough clean.

Water Proof Motor

Anti Water, Anti Oil, Anti Rust

Patented Number: CN201520XXX.X

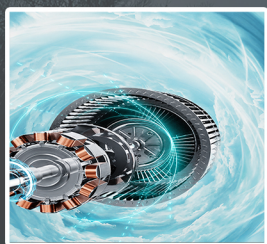

Nano Coating

Oil Resistant & Anti Rust

Patented Number: ZL201620437976.X

Cooker Hood

Strong Suction Power

Boasting an impressive 3125m³/h airflow and equipped with 1300Pa of strong air pressure.

Turbo Wash Auto Clean

Three-Step Deep Clean: Advanced wave-like cleaning action extends across a wider range, ensuring deeper coverage and a more thorough clean.

Smart Intelligent PM2.5

Integrated air purification system to help eliminate odors and airborne particles, keeping your kitchen atmosphere clean and healthy.

Smart Auto Link

Once activated, the cooker hood automatically powers on for effortless operation.

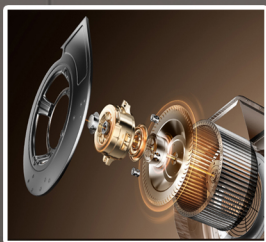

V929

- Airflow rate: 3125m³/h
- Air pressure rate: 1300Pa
- BLDC motor water proof motor
- Smart intelligent PM2.5 measurement
- Smart auto link (Selected Cooker Hob Models)
- Ambient light
- Full touch panel
- Hand sensor
- Low noise level 46.5db
- Oil filtration rate up to 92%
- Odor reduction rate up to 97%
- Turbo wash + nano coating
- Anti rust coating
- Ducted or recycled

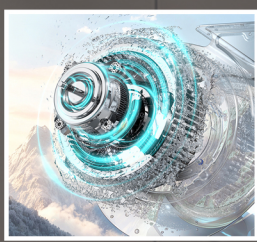

RCP **RM6,799**

Stealth Slim

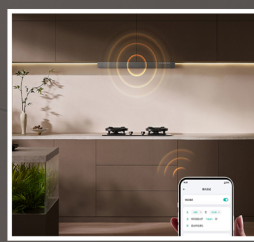

Strong Suction Power

Boasting an impressive 3650m³/h airflow and equipped with 1600Pa of strong air pressure.

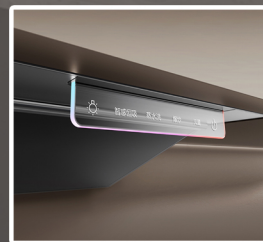

Turbo Wash Auto Clean

Three-Step Deep Clean: Advanced wave-like cleaning action extends across a wider range, ensuring deeper coverage and a more thorough clean.

App System Control

Control your cooker hood effortlessly anytime, anywhere right from your smartphone.

Smart Intelligent PM2.5

Advanced PM2.5 monitoring continuously tracks air quality and adjusts suction power automatically, with color-changing glass indicators.

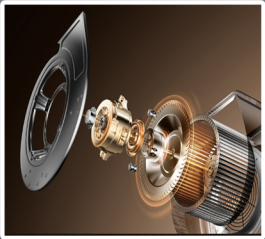

V938

- Airflow rate: 3650m³/h
- Air pressure rate: 1600Pa
- BLDC and water proof motor
- Smart intelligent PM2.5 measurement
- Smart Auto Link (Selected Cooker Hob Models)
- Smart WIFI Link
- Full touch panel
- Hand sensor
- Low noise level 48db
- Oil filtrations rate up to 92%
- Odor reduction rate up to 97%
- Turbo wash + nano coating
- Anti rust nano coating
- Ducted or recycled

RCP RM4,999

Ultra Slim

Strong Suction Power

Boasting an impressive 3690m³/h airflow and equipped with 1700Pa of strong air pressure.

Turbo Wash Auto Clean

Three-Step Deep Clean: Advanced wave-like cleaning action extends across a wider range, ensuring deeper coverage and a more thorough clean.

Smart Intelligent PM2.5

Integrated air purification system to help eliminate odors and airborne particles, keeping your kitchen atmosphere clean and healthy.

App System Control

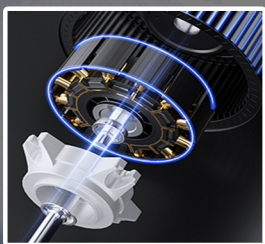

Control your cooker hood effortlessly anytime, anywhere right from your smartphone.

V960

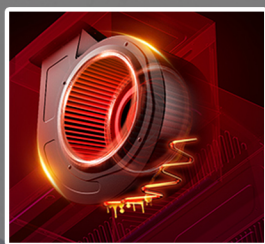

- Airflow rate: 3690m³/h
- Air Pressure Rate: 1700Pa
- BLDC and water proof motor
- Smart intelligent PM2.5 measurement
- Smart Auto Link (Selected Cooker Hob Models)
- Smart WIFI Link
- Full touch panel
- Hand sensor
- Low noise level 48db
- Oil filtrations rate up to 92%
- Odor reduction rate up to 97%
- Turbo wash + nano coating
- Anti rust nano coating
- Ducted or recycled

RCP RM4,999

Strong Suction Power

Boasting an impressive 2250m³/h airflow, and oil filtrations rate up to 92% with BLDC water proof motor.

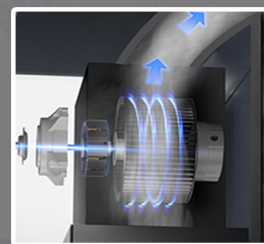

Heater Heat auto clean

Advanced heat cleaning technology melts away grease effortlessly.

Hand Sensor

A simple wave of your hand lets you adjust the fan speed and turn the cooker hood on or off.

Air Pressure Rate

Equipped with 900Pa high static pressure for strong extraction performance.

V917

RCP RM2,629 (Malaysian Batik)

RCP RM2,499 (Carbon Grey)

- Airflow rate: 2250m³/h
- Air Pressure rate: 900Pa
- BLDC and water proof motor
- Hand Sensor
- Low noise level 48db
- Oil filtrations rate up to 92%
- LED lamp
- Heater Heat auto clean
- Cooker Hood Chamber with nano coating
- Water proof motor
- Anti rust coating
- Ducted or recycled

Cooker Hood - BLDC Series

V997

RCP **RM3,399** (Dark Black)

Cooker Hob

The Magic Behind a Beautiful Kitchen

Smart Hot Oil Protection

Alerts when oil is hot and automatically shuts off after 30 minutes of inactivity.

Empty Pot Protection

Automatically shuts off when no pot is detected on the burner.

Burn Dry Protection

Automatically shuts off gas and triggers an alarm when overheating (290°C) or dry burning is detected.

C861G

- Flip up design burner
- 2 burners
- 4.8kW fire power (Left & Right)
- Full touch panel
- Burn dry auto cut-off
- Thermal auto cut-off
- Safety device
- No cookwave smart sensor
- Child lock control knob
- Power high flame
- Tempered glass
- Easy clean design
- Electric ignition
